

Director of Logistics

20 March 1956

Assistant Director for Basic Intelligence

Letter of Appreciation to The Public Printer

1. Your attention is invited to the outstanding work recently performed for this Office by the GPO State Service Unit.

2. A requirement for the production of 16 NIS Sections and a Gazetteer on Antarctica was placed on this Office, all of which had extremely short deadlines. The completion of this project on schedule was made possible by the complete cooperation and outstanding work of the Chief, GPO State Service Unit and his staff. It is therefore recommended that a letter of appreciation, similar to the attachment hereto, be forwarded to The Public Printer.

3. This Office also wishes to express its appreciation for the expeditious manner in which members of your staff, particularly [REDACTED] handled the final distribution of the above-mentioned NIS studies.

Enclosure:

Letter to The Public Printer

CENTRAL INTELLIGENCE AGENCY
WASHINGTON 25, D. C.

~~CONFIDENTIAL~~
20 March 1956

The Public Printer
Government Printing Office
Washington 25, D. C.

Dear Sir:

This Agency wishes to express its appreciation for the outstanding work performed by the GPO State Service Unit on several vital Agency publications which were processed under job order numbers 5522, 5553, 5568, 5572, 5579, 5610, 5618, and 5623.

These publications contained several thousand folios of textual and tabular matter and several hundred folios of multi-color map and graphic material.

Special measures and unusual efforts were necessary to complete the printing of these extensive and complex publications under an extremely tight schedule, and the Chief, GPO State Service Unit and his staff are commended for their exceptionally fine performance.

Very truly yours,

JAMES A. GARRISON
Director of Logistics
